**SEPTEMBER 30, 2010 • GRAND BALLROOM, HOTEL INTERCONTINENTAL MANILA, MAKATI CITY**  
 On the occasion of the 9<sup>th</sup> Monthly Business Meeting of the Chamber of Real Estate and Builders' Associations, Inc.

Global real estate has come of age. Solutions to market concerns have become widely accessible through global networks that work swiftly across vast oceans.

The International Real Estate Federation (FIABCI) and its Philippine Chapter have opened a clearer and wider window eight years ago so the world can view Philippine Real Estate and Property at its best.

FIABCI's concept of alliance and partnership makes all of us live in anticipation that the local industry can move beyond its boundaries and carve a niche in the global community. FIABCI Philippines echoes the voice of its members to the world, linking them to FIABCI's network of 60 member countries with thousands of individual members, including professional, public sector and academic institutions.
